Happiness, Love and a Divine connection is what we experience as we invite you to your own home, **Om Shanti Retreat Centre** for our 'Healing The Healers' Retreat. Each time we meet for a conference globally it is with the pure intention to learn and share our techniques of healing others. Unconditional care and commitment towards our patients is natural for us. We are often so busy taking care of others that we do not have time to take care of our self, as a result of which we invite stress, compassion fatigue, burnout or depression into our life. **This retreat is all about taking care and healing the one whom you have ignored - YOUR SELF.**

BK Brij Mohan, BK Asha, Dr. Banarsi, BK Shivani, Dr. Mohit Gupta and BK Swaminathan will be with us on this journey of Self Healing.
