

Important notification regarding IJU

The printed copies of Indian Journal of Urology are being sent to all life and associate members of Urological Society of India. But several copies are being returned and many more are being wasted by being delivered to outdated addresses. As the online access is free and several members are not keen to get the printed copy in addition, it was decided in the USI council to send printed copies only to those who wish to get them. If you wish to get the printed copies regularly, kindly furnish the following information to the editorial office to get your printed copy confirmation number (PCCN). From January 2010 issue, the online access will be available freely to all but the printed copies will be sent only to those with the PCCN.

You may send the information by e mail to editor@indianjurol.com or by post to The editor, Indian Journal of Urology, Department of Urology, Christian Medical College, Vellore, 632 004. The PCCN will be intimated to you at the earliest. Please contact the editorial office if you don't get the PCCN within two weeks. The information required is as follows:

Name:

USI Membership No.:

E mail:

Contact phone number:

Do you wish to get the printed copy of IJU?

Is there any change in address? Yes/No

If yes, new address:
