Greetings from AIIMS Rishikesh!

Dear Esteemed Colleagues,

It gives us immense pleasure to invite you for “First Annual Meeting of URO-Oncology Section of USI on 9th - 10th June, 2023 in Devbhoomi. The land of Chardham is known for its rich cultural heritage and scenic beauty. The mystic view of the holy river Ganga flowing through the city takes one into another world of peace and tranquility. This is the welcoming change from routine hustle and bustle of everyday life. We hope to give you the experience that you will cherish for long.

Learning is best with a calm and composed mind and this will be our aim. There will be live operative sessions on the 9th and 10th June 2023, in which we are planning to show robotic and laparoscopic procedures on kidney, prostate and bladder cancer. There will be didactic lectures and interactive sessions on Kidney, bladder and prostate cancer by experts. Artificial intelligence, Proteogenomics, Resident Corner (Multi Disciplinary Tumor Board), Future Research prospectives and Hands on workshop on Transperineal prostate biopsies will be the highlights of the meeting. The organizing committee is making all efforts to make it a useful academic and visual experience.

Looking Forward to Welcome You.

---

President USI
Dr. Sanjay B Kulkarni

Hon Secreatory, USI
Dr. GG Laxman Prabhu

Immediate Past President
Dr. Ravindra B Sabnis

USI President Elect
Dr. Lalit Shah

Hon Treasurer, USI
Dr. Pankaj Maheswari

CONFERENCE SECRETARIAT

Dr. Anup Kumar
Department of Urology Robotics and
Renal Transplant, Room No. 423, SSB
VMMC & Safdarjung Hospital, New Delhi - 110029, India
Phone: +91-11-26766469, 9811459891, 9818217692
Surgeries to be demonstrated

- Robotic Radical Prostatectomy
  (Transperitoneal/Extraperitoneal/Retzius Sparing)
- Robotic Partial Nephrectomy
- Robotic Radical Cystectomy with intracorporeal neobladder/ileal conduit
- Robotic Retroperitoneal lymph node dissection
- Robotic Inguinal lymph node dissection, Lap Radical Prostatectomy
- Lap Partial Nephrectomy
- Lap Radical Nephrectomy
- Lap Radical Cystectomy
- Lap Adrenalectomy
- Robot assisted MR Fusion Prostate Biopsy
- Transrectal USG Prostate Biopsy
- HVAC (Hyperthermic Intravesical Chemotherapy)
- Transperineal Prostate Biopsy
- LASER TURBT

*Subject to availability of cases*
Lotus Temple
Located in the national capital of New Delhi, the Lotus Temple is an edifice dedicated to the Baha’i faith. The magnificent structure of this building unfolds in the form of a stupendous white petal lotus and is one of the most visited establishments in the world. The design of this shrine was conceptualized by Canadian architect Fariborz Sahba and was completed in the year 1986. This temple seeks to propagate the oneness of the Almighty and is open to all regardless of their nationality, religion, race or gender. The Lotus temple is one of the seven Baha’i House of Worship present around the world.

Humayun’s Tomb
Humayun’s tomb (Persian: Maqbara-i Humayun) is the tomb of the Mughal Emperor Humayun in Delhi, India. The tomb was commissioned by Humayun’s first wife and chief consort, Empress Bega Begum under her patronage in 1558, and designed by Mirak Mirza Ghiyas and his son, Sayyid Muhammad, Persian architects chosen by her. It was the first garden-tomb on the Indian subcontinent, and is located in Nizamuddin East, Delhi, India, close to the Dina-panah Citadel, also known as Purana Qila (Old Fort), that Humayun found in 1538.

Red Fort
The Red Fort or Lal Qila (Hindustani) is a historic fort in the Old Delhi neighbourhood of Delhi, India, that historically served as the main residence of the Mughal emperors. Emperor Shah Jahan commissioned construction of the Red Fort on 12 May 1638, when he decided to shift his capital from Agra to Delhi. Originally red and white, its design is credited to architect Ustad Ahmad Lahori, who also constructed the Taj Mahal. The fort represents the peak in Mughal architecture under Shah Jahan and combines Persianate palace architecture with Indian traditions.

Qutub Minar
The Qutb Minar, also spelled Qutub Minar is a minaret and “victory tower” that forms part of the Qutb complex, which lies at the site of Delhi’s oldest fortified city, Lal Kot, founded by the Tomar Rajputs. It is a UNESCO World Heritage Site in the Mehrauli area of South Delhi, India. It is one of the most visited tourist spots in the city, mostly built between 1199 and 1220. It can be compared to the 62-metre all-brick Minaret of Jam in Afghanistan, of c.1190, which was constructed a decade or so before the probable start of the Delhi tower. The surfaces of both are elaborately decorated with inscriptions and geometric patterns.

1ST ANNUAL MEETING OF URO-ONCOLOGY SECTION OF USI
9th -10th June, 2023
Department of Urology Robotics and Renal Transplant, Room No. 423, SSB
VMMC & Safdarjung Hospital, New Delhi
